The Institute for Research in the Humanities (IRH) at the University of Wisconsin–Madison is pleased to offer up to four fellowships each year to humanities faculty at University of Wisconsin System campuses, with release time from teaching and service for 1 semester. UW–Madison will provide up to \$5,000 to the home institutions of UW System fellows visiting the IRH and the University of Wisconsin System will supplement each fellowship awarded with an additional \$7,500 to the fellow’s home institution. These funds are provided to the institution for use in defraying the costs of replacement teaching for selected UW System fellows. Fellows are provided an IRH office (space permitting), support services, and access to all university facilities at UW–Madison. One-semester fellows with additional funding from their home institutions are invited to remain in residence at the IRH for the full academic year and may extend their appointments through the summer. However, fellowships may not be deferred.

UW System fellows are expected to participate in the intellectual life of the IRH by attending the weekly Monday seminar (3:30 - 5:00 pm), and (schedule permitting) may be invited to make a seminar presentation. Fellows are also encouraged to join the informal lunches at IRH, weekly afternoon teas, and other IRH events as time and interest permit. Please consult the IRH website (<http://irh.wisc.edu/>) for information about other fellowships and activities.

Applicants should arrange funding for the fellowship through their home institution before submitting an application to IRH.
